Productivity

imageRUNNER ADVANCE C350i.

ADVANCED INTEGRATION FOR GREATER EFFICIENCY.

imageRUNNER ADVANCE C350i is a compact A4 color multifunctional device that is designed to integrate seamlessly into your existing print fleet for optimal operational performance. Packed with many business-essential features from quick speeds and exceptional print quality to smart output management and collaboration, it is the ideal print solution for the output needs of busy workgroups.

The result: Intelligent document handling efficiency, effective cost control, heightened document security and greater mobility ensure that your business stays competitive in today's fast-moving environment.

Turn the page to find out why the imageRUNNER ADVANCE C350i is the ideal complement to your office fleet.

ADVANCED USABILITY AND CONVENIENCE

Flexible usability meets easy operability

EFFORTLESS OPERATION

imageRUNNER ADVANCE C350i comes with a full colored 7-inch touchscreen that features an informative menu for easy operation. The touchscreen is adjustable to accommodate wide viewing angles that makes it a breeze to use. With tutorials built right into the menu, you will get the assistance you need to accomplish your task with ease.

CUSTOMIZABLE QUICK MENU

Frequently used features can be kick-start in an instant with the Quick Menu, which can be personalized to suit all business environments and workflows. Personal shortcuts, workgroup processes and common print jobs can be set up easily for quick and repeated execution.

CONVENIENT PLUG AND PRINT

The imageRUNNER ADVANCE C350i comes with standard USB ports that allow you to print directly from or scan and store to your USB Memory media. You may also choose to install the optional ID Card Reader for easy and secure authentication.

EASY TONER MANAGEMENT

With Canon's newly designed toner cartridge, toner replacement is made easier, while downtime is minimized and printing can resume quickly. The pQ toner increases the image transcription to accurately reproduce sharper text and clearer drawings or graphs in detail, while ensuring low energy consumption.

REMOTE OPERATION SOFTWARE KIT

Take full control of your device functions remotely from the convenience of your desk. Available on Windows based PCs, you can use the on-screen operation panel emulation to operate the imageRUNNER ADVANCE device. This is particularly useful for network administrators and users with accessibility needs.

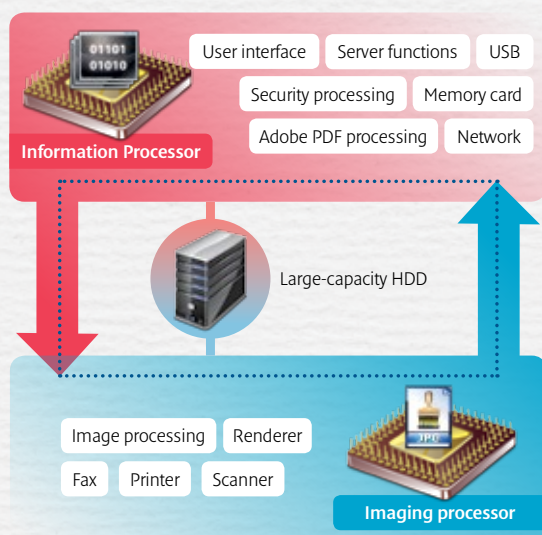

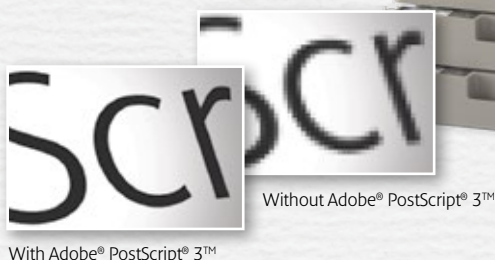

ADVANCED PRODUCTIVITY

Better work efficiency for greater productivity

STANDARD ADOBE® POSTSCRIPT® 3™ AND PCL

Right out of the box, the imageRUNNER ADVANCE C350i offers Genuine Adobe® PostScript® 3™ and PCL print languages as a standard feature. With Adobe® PostScript® 3™, the imageRUNNER ADVANCE C350i ensures better quality results are delivered faster. Fonts appear cleaner and vector graphics become more vivid. And with PCL5c/6 support, you are assured of easy integration with various business applications.

EXTERNAL STAPLE FINISHING UNIT

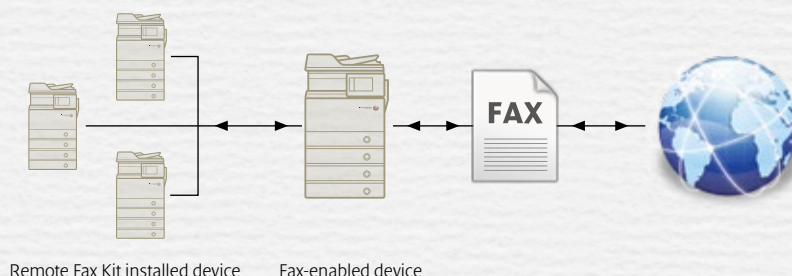

Enhance your productivity and convenience by pairing your imageRUNNER ADVANCE C350i with the External Finisher. This adds a 50-sheet stapling capability without increasing the device's compact footprint.

ADVANCED imageCHIP ARCHITECTURE

Canon's advanced imageCHIP architecture features two distinct processors working together to achieve greater efficiency. The image handling processor works to render and compress or decompress images, while the second processor is dedicated to system control and coordinates network processes. This unique architecture brings you superior results in a shorter time.

RELIABLE FAX FUNCTION

Upgrade with the Super G3 fax option to add high-speed, reliable fax functions on your imageRUNNER ADVANCE C350i. For organizations with existing fax-enabled imageRUNNER ADVANCE systems within the network, you can leverage the fax function with the economical Remote Fax Kit to realize greater cost savings.

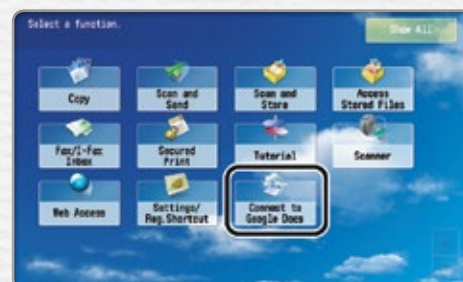

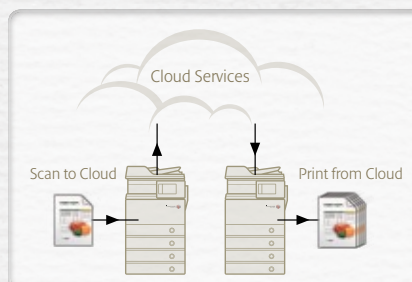

ADVANCED WORKFLOW

Optimizing the way you work

CANON CLOUD CONNECT

Stay productive on the move. Canon Cloud Connect lets you tap into the power of Cloud services right from your device.

With Canon Cloud Connect, you can scan to, store in, retrieve from, or even print via Google Docs. Additionally, Canon Cloud Connect is a dependable and convenient way to backup your originals while minimizing physical storage space.

MOBILE PRINTING AND SCANNING

Boost operational efficiency and productivity wherever your business brings you, with the imageRUNNER ADVANCE series. The complimentary Canon Mobile Printing and Canon Mobile Scanning applications seamlessly bridge wireless printing between your mobile devices and imageRUNNER ADVANCE C350i.

CONVENIENT SCAN AND SEND

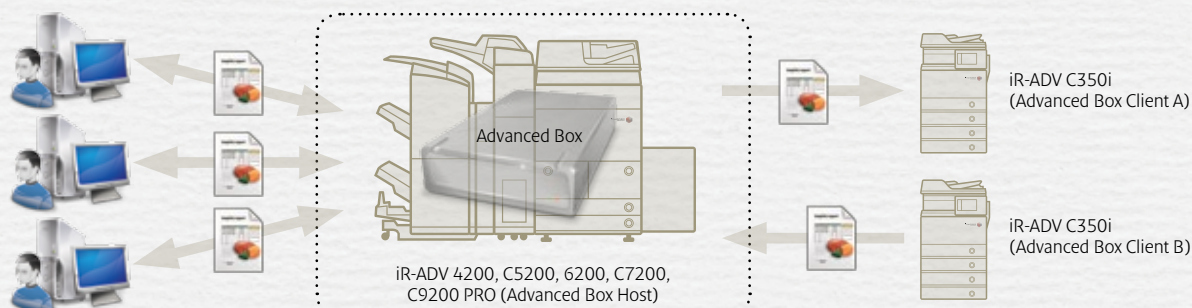

Simplify your document workflow with Canon's proprietary Universal Send technology, which enables you to scan and disseminate documents to a multitude of destinations in a single operation. You can send hardcopy originals in its native formats to email addresses, internet fax numbers, file servers and even network folders.

ADVANCED BOX COLLABORATION

Unique to selected imageRUNNER ADVANCE systems*, the Advanced Box is a built-in document sharing system that makes document management and collaboration easy and convenient. Acting as a client device, the imageRUNNER ADVANCE C350i can preview, rename, or print files stored in the Advanced Box of higher-end imageRUNNER ADVANCE devices within the same network. Alternatively, you can access files on a shared folder through a PC. For more sensitive documents, a personal folder can be created.

* Only for imageRUNNER ADVANCE models with built-in Advanced Box function.

Send or retrieve files through your imageRUNNER ADVANCE C350i when connected to the same network with higher-end imageRUNNER ADVANCE models with the Advanced Box feature.

ADVANCED SOLUTIONS

Customized solutions for your unique business needs

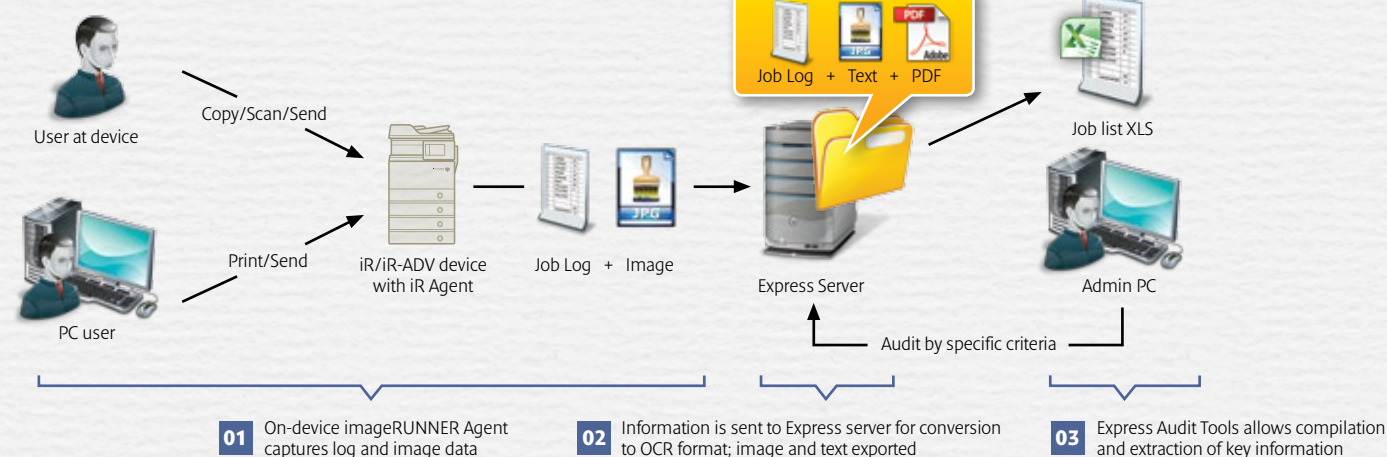

MEAP PLATFORM

Manage your workflow easily and effectively with Canon's Multifunctional Embedded Application Platform (MEAP) designed to offer greater flexibility and adaptability to meet your individual needs. Pair your imageRUNNER ADVANCE C350i with a selection of software solutions compatible with MEAP to bring your business to the next level.

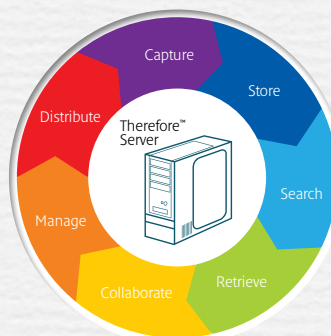

iW SECURE AUDIT MANAGER EXPRESS

Oversee and safeguard how your organization's documents are distributed. Protect against potential espionage by logging text and image data with this real-time security solution.

ENTERPRISE DOCUMENT MANAGEMENT SOLUTIONS

Complement your imageRUNNER ADVANCE C350i with various enterprise document and output solutions to realize the full potential of your fleet. Here are some notable highlights.

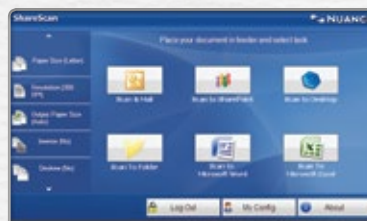

THEREFORE

Therefore is an easy-to-implement, holistic document management storage system that enables instant, secure access to important information for all your users.

uniFLOW

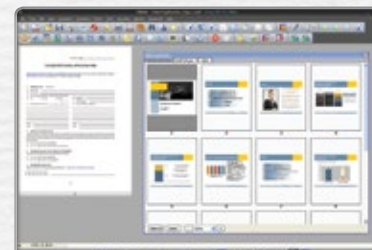

Save time and money for your organization with this smart output management solutions that provides effective control over your entire fleet. With its modular design, uniFLOW can be customized to fit the unique needs of your organization. uniFLOW offers an array of benefits from full accounting and reporting, follow me printing, job routing to cost management and even document capture.

eCOPY SHARESCAN SUITE

Digitize your paper-based data into electronic workflows with this comprehensive suite. Scan, extract, classify, index and convert from the multifunction device and send directly to selected electronic destinations.

eCOPY PDF PRO OFFICE

The smarter PDF companion for your imageRUNNER ADVANCE. It is now easy to create, convert, and collaborate with the ubiquitous PDF format, increasing productivity and cost savings.

ADVANCED SECURITY AND MANAGEMENT

Device and software security solutions that safeguard your business

DEVICE SECURITY

Designed to enhance the security level of your imageRUNNER ADVANCE C350i, device authentication systems have been put in place to manage user access through the Department ID Management and MEAP login applications such as Single Sign On (SSO-H) and Universal Login Manager.

With the MEAP login applications, the authentication function can be easily integrated with an Active Directory network environment. Doing so reduces the burden on network administrators and eliminates the need for you to remember a multitude of passwords.

If you are looking for a holistic security and cost-saving measure, the Access Management System is the answer. Canon Access Management System allows you to configure each user's access rights on a per feature basis to prevent unauthorized distribution and information leakage.

DATA SECURITY

The imageRUNNER ADVANCE C350i offers HDD Data Erase as a standard feature, enabling you to automatically and safely erase sensitive data upon job completion. To enhance the level of security of your stored data in the hard disk, invest in the additional HDD Data Encryption Kit that automatically encrypts all stored data and saves the encryption keys separately from the data.

DOCUMENT SECURITY

Enable tighter control over your confidential document with the optional Document Scan Lock & Tracking feature. An encrypted code can be embedded into the copied or printed document to restrict unauthorized distribution and can also track the origins of a document.

The optional Encrypted Secure Print also ensures that you protect documents when printing. Print jobs are held at the imageRUNNER ADVANCE C350i until you are physically present to authenticate the job at the device.

eMAINTENANCE

Ease your administrative burdens and increase uptime with eMaintenance. Automate your fleet maintenance tasks, improve consumables management and gain better control of all your networked imageRUNNER ADVANCE devices.

MANAGED DOCUMENT SERVICES

Canon offers a unified consultancy service for holistic document solution management. Our experienced consultants employ proven methodology to help you reduce cost, improve serviceability, and optimize business processes.

ADVANCED RESPONSIBILITY

Doing more for our environment

100% RESPONSIBLE

Every imageRUNNER ADVANCE is partially built from recycled plastics and bioplastics, and subject to strict environmental standards.

CLIMATE CHANGE STARTS HERE

Changing the way we work can help save the environment too. By encouraging digital workflows, we print smartly and reduce unnecessary print usage.

SETTING THE TONE

Our pQ toner features low-heat, on-demand fusing. The threefold benefit: Faster prints, lower power use, and a greener environment.

SAVING ENERGY, SAVING EARTH

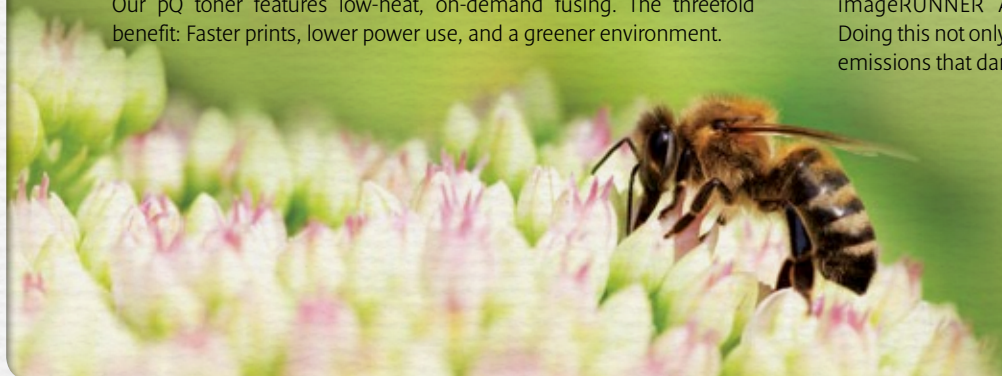

The Energy Saver feature minimizes power consumption to the bare minimum when the device becomes idle.

IT'S TIME TO SAVE

Setting an automatic power down schedule for devices based on actual usage helps reduce wastage, especially after office hours and non-work days.

LOWER TOTAL ELECTRICITY CONSUMPTION

imageRUNNER ADVANCE devices consume less electricity. Doing this not only saves on the energy bills, it reduces harmful CO₂ emissions that damages our environment.

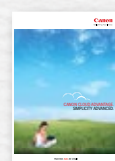

SPECIFICATIONS	imageRUNNER ADVANCE C350i Series	
Type	Reader-printer separated, Desktop	
Maximum Original Size	A4	
Copy Speed (Sheets per minute)(Except when paper is fed from the Multi-Purpose Tray)	A4 ▶ 35 A5 ▶ 26 B5 ▶ 26	
First Copy Time	Full Color: 7.4 seconds Black-and-White: 5.9 seconds	
Warm-Up Time	From Power On	34 seconds or less
	From Sleep Mode	10 seconds or less
Resolution for Reading	600 x 600 dpi	
Resolution for Writing	600 x 600 dpi (Copy) 600 x 600 dpi (Print)	
Paper Weight	Paper Drawer	60 to 163 g/m ²
	Multi-Purpose Tray	60 to 220 g/m ²
Acceptable Originals	Sheet, book, and three dimensional objects (up to 2 kg)	
Paper Sizes	Paper Drawer 1 (Standard)	A4, A5, B5, Envelopes (COM10 No.10, Monarch, DL, and ISO-C5)
	Paper Drawers 2, 3, 4 (Optional)	A4, A5, B5, Envelopes (COM10 No.10, Monarch, DL, and ISO-C5)
	Multi-Purpose Tray	A4, A5, B5, and Custom size (98.4 x 148 mm to 216 x 355.6 mm) Envelopes (COM10 No.10, Monarch, DL, and ISO-C5)
Paper Feeding System	Paper Drawer 1 (Standard)	550 sheets (80 g/m ²)
	Paper Drawers 2, 3, 4 (Optional)	50 envelopes (or 30 mm or less in height) or 12 cpm
	Multi-Purpose Tray	550 sheets (80 g/m ²)
Multiple Copies	999 sheets	
CPU	1.66 GHz	
Memory	2GB RAM	
Hard Disk Capacity	160 GB (up to 80 GB to be used)	
Power Source	220-240V AC, 50/60Hz, 4.1 A	
Power Consumption	Maximum Power Consumption: 1.5 kW or less	
	When the machine is in the Sleep Mode*: 1 W	
	When the main power switch is turned OFF: 0.1 W	
	* Depending on the system and conditions of use, these values may differ.	
Dimensions (H x W x D)	610 x 511 x 621 mm	
Installation Space (W x D)	852 x 621 mm (when the multi-purpose tray is extended)	
Weight	Approximately 45 kg	
Toner Yield (A4, 5% coverage)	Black: 19,000	
Drum Yield	Color (Cyan, Magenta, Yellow): 21,500	
	Black: 38,400	
	Color (Cyan, Magenta, Yellow): 25,500	
Print Specifications		
PDL	UFR II Lite, PCL Sc/6, Adobe PostScript 3	
Supported OS	UFR II Lite	Windows XP/Vista/7/8/8.1 Windows Server 2003 R2 SP2/ Server 2008 SP2/Server 2008 R2 SP2/Server 2012 R2, Solaris 10, Mac OS X 10.5.8 and later
	PCL	Windows XP/Vista/7/8/8.1 Windows Server 2003 R2 SP2/ Server 2008 SP2/Server 2008 R2 SP2/Server 2012 R2, Solaris 10, Mac OS X 10.5.8 and later
	Adobe PostScript 3	Windows XP/Vista/7/8/8.1 Windows Server 2003 R2 SP2/ Server 2008 SP2/Server 2008 R2 SP2/Server 2012 R2, Solaris 10, Mac OS X 10.5.8 and later
Font	PCL	93 Scalable, 2 OCR, 10 Bitmap, AndaleFont*
	Adobe PostScript 3	136 Scalable
	* Optional PCL International Font Set required.	
Interface	Network	Ethernet 10Base-T/ 100Base-TX/ 1000Base-T (RJ-45)
	Others	USB 2.0 x 1 (Device); USB 2.0 x 2 (Host)
Network Protocol	TCP/IP (LPD/Raw/IPP/PPS/FTP/WSD/SMB/NetWare), IPX/SPX,IPv6, SNMP, SLP	
Send Specifications		
Communication Protocol	FTP (TCP/IP), SMB (TCP/IP), WebDAV	
Data Format	TIFF, JPEG, PDF, XPS, OOXML (PowerPoint)	
Resolution	Color: 100 x 100 dpi, 150 x 150 dpi, 200 x 100 dpi, 200 x 200 dpi, 300 x 300 dpi	
	Black-and-White: 100 x 100 dpi, 150 x 150 dpi, 200 x 100 dpi, 200 x 200 dpi, 200 x 400 dpi, 300 x 300 dpi, 400 x 400 dpi, 600 x 600 dpi	
Optional PDF/XPS/OOXML Functions	PDF	Compact, Trace and Smooth, Encryption, OCR, Device Signature, User Signature, Optimization for Web*, PDF/A-1b, Reader Extensions
		* PDF files optimized for Web viewing.
	XPS	Compact, OCR, Device Signature, User Signature
	OOXML	PowerPoint, OCR

Optional Accessories	
Feeder	
Type	Automatic Document Feeder
Size of Originals	A4, B5, A5, and B6
Original Paper Weights	1-sided originals* 50 to 105 g/m ²
	2-sided originals 50 to 128 g/m ²
* When scanning only one sheet of paper, originals from 50 to 128 g/m ² are supported.	
Tray Capacity	50 sheets (80 g/m ²)
Original Scanning Speed	Copying:
	1-sided scanning: 35 sheets/minute (A4 in Black-and-White/Full Color at 300 x 600 dpi) 2-sided scanning: 11 sheets/minute (A4 in Black-and-White/Full Color at 300 x 600 dpi)
	Scanning:
	1-sided scanning: 35 sheets/minute (A4 in Black-and-White/Full Color at 300 x 300 dpi) 2-sided scanning: 11 sheets/minute (A4 in Black-and-White/Full Color at 300 x 300 dpi)
Cassette Feeding Unit-AC1	
Paper Sizes	A4, A5, B5, and Custom size (98.4 x 190.5 mm to 216 x 355.6 mm)
Paper Capacity	550 sheets (80 g/m ²)
Power Source	From the main unit
Power Consumption	Approximately 25 W
Dimensions (H x W x D)	425 x 511 x 508 mm
Weight	Approximately 15 kg
Cassette Feeding Unit-AH1	
Paper Sizes	A4, B5, A5, and Custom size (98.4 x 190.5 mm to 216 x 355.6 mm)
Paper Capacity	550 sheets (80 g/m ²) x 3
Power Source	From the main unit
Power Consumption	Approximately 35 W
Dimensions (H x W x D)	425 mm x 511 mm x 508 mm
Weight	Approximately 19 kg
Staple Finisher-S1	
Paper Size/Weight/Type	Size:
	A4, B5, A5, Custom Size (98.4 x 148 mm to 216 x 355.6 mm), and Envelopes
	Weight:
	60 to 220 g/m ²
	Type:
	Thin (60 to 63 g/m ²), Plain 1 (64 to 75 g/m ²), Plain 2 (76 to 90 g/m ²), Plain 3 (91 to 105 g/m ²), Recycled, Color, Pre-Punched, Bond, Heavy 1 (106 to 128 g/m ²), Heavy 2 (129 to 163 g/m ²), Heavy 3 (164 to 220 g/m ²), Labels, Transparency, and Envelopes
Capacity Per Tray	No finishing set, Collate, and Collate + Offset and Group + Offset mode:
	500 sheets (or 73.5 mm in height)
	Staple mode: 500 sheets/20 sets (or 73.5 mm in height)
	50 sheets (80 g/m ²)
Maximum Stapling Capacity	From the main unit
Power Source	From the main unit
Maximum Power Consumption	Approximately 37 W
Dimensions (H x W x D)	301 x 589 x 459 mm
Weight	Approximately 14 kg
Installation Space Including the Main Unit (W x D)	1,066 x 573 mm (when the Multi-Purpose Tray is extended)
Other Accessories And Supplies	
Copy Card Reader-F1, Card Reader Attachment-B4, Copy Control Interface Kit-A1, IC Card Reader Box-A1, FL Cassette-AT1, Staple-P1, PCL Font Set-B1 EFIGS, Barcode Printing Kit-D1, Direct Print Kit (for XPS)-H1, Super G3 Fax Board-AN1, Remote Fax Kit-A1, Universal Send Advanced Feature Set-D1, Encrypted Printing Software-D1, Web Access Software-H1, Universal Send Digital User Signature Kit-C1, Universal Send Security Feature Set-D1, HDD Data Encryption Kit-C6, Access Management System Kit-B1, iR-ADV Security Kit-H1, Secure Watermark-B1, ADF Access Handle-A1, Document Scan Lock Kit-B1, NPG-65 Drum Unit K/C/M/Y, NPG-65 Toner K/C/M/Y, Serial Interface Kit-K2, Copy Control Interface Kit-A1, Cassette Heater Unit-39
